

## **Informational meeting /Webinar**

Date: July 24th from 8:30am-noon.

Location: USGS Auditorium  
3535 S. Sherwood Forest Blvd., Ste 120  
Baton Rouge, LA 70816

Invited: CAGWCC and Public

Purpose: This will be an informational meeting only. Options are in-person or webinar (people can join remotely). The purpose is to disseminate background information so all GACWCC members are on the same page going into the workshops. Topics will include: structured decision making and its role in long-term planning; the legal and policy background relevant to framing CAGWCC decisions; what we know about the supply of water (dynamics of the Southern Hills Aquifer System); what we know about the demand for water (forecasting future water use needs); and strategies for long-term water resource planning (an example from Tampa will be provided).
